## New Home Sales Nearly Match Post-Crisis High

New home sales jumped higher in March, posting their third consecutive gain. Sales of newly constructed single-family homes were at a seasonally adjusted annual rate of 621,000 units, an increase of 5.8 percent from February's downwardly revised annual rate of 587,000 units.

The U.S. Census Bureau and the Department of Housing and Urban Development said this puts sales up by 15.6 percent compared to the March 2016 estimate of 537,000 units.

Median home prices had dipped in January when compared to a year earlier, however in February the median of \$315,100 was up by about \$4,000 from the previous year.

## Experience and Service

I absolutely love seeing the faces of new homeowners when they have their keys handed to them for the first time! Helping people achieve their dream of homeownership drives me to be my best every day. Honesty and transparency from day one through closing provide the foundation for client trust. I pride myself on providing my clients with the knowledge, experience, and creativity to make informed decisions when buying a home or an investment property.

My clients continually reward me with referrals citing customer service and comfort with the process. By ensuring my clients understand their decisions rather than simply 'do as I say,' they feel empowered and confident each step of the way. I believe in clients-for-life and that begins with the first phone call, reinforced by a successful transaction, and solidified with service after sale.

Currently licensed in Nevada and Arizona, I have been successfully financing residential real estate throughout the USA for the past 15 years using FHA, VA, Conventional, as well as Portfolio funds. Call now to get started!
