New Home Sales Nearly Match Post-Crisis High

New home sales jumped higher in March, posting their third consecutive gain. Sales of newly constructed single-family homes were at a seasonally adjusted annual rate of 621,000 units, an increase of 5.8 percent from February's downwardly revised annual rate of 587,000 units.

The U.S. Census Bureau and the Department of Housing and Urban Development said this puts sales up by 15.6 percent compared to the March 2016 estimate of 537,000 units.

Median home prices had dipped in January when compared to a year earlier, however in February the median of $315,100 was up by about $4,000 from the previous year.

Listen, Analyze, Solve

David started in the mortgage industry in 2001 and has kept the same philosophy from day one: "Keep the client's best interest at the forefront of every transaction." What works for one client will not necessarily work for the next. David first listens, then evaluates and finally researches options making sure all possibilities have been considered. Once the proper path is determined, David works to make the process as quick and painless as possible, providing excellent service and communicating every step along the way.
